Mr. Phil Yoder
2498 Danvers Court
Columbus, OH 43220

Dear Mr. Yoder:

Subject: Global Alternative Method of Compliance (AMOC) to Airworthiness Directive (AD) 2017-11-11, Docket Number FAA-2016-9226

The Federal Aviation Administration (FAA) has received your proposal dated June 22, 2017, proposing FAA approval of a Global AMOC to AD 2017-11-11 for a NavWorx ADS600-B, Part Numbers 200-0012 and 200-0013. AD 2017-11-11 requires the ADS600-B unit to be removed or disabled if it is not coupled to an approved NexNav Mini GPS receiver, P/N 21000.

You are proposing an AMOC to paragraph (e)(1)(iv)(A) of AD 2017-11-11 by coupling the ADS600-B with a Garmin GNS 480 Global Positioning System (GPS) source. Your proposal provides an acceptable level of safety based on your installation drawings 14-644 and 16-347 and the Public ADS-B Performance Report of July 20, 2017. The GNS 480 included the software upgrade to version 2.4 with GPS software upgrade to version 5.1. For section (e)(1)(iv)(B), you proposed a placard next to the ADS600-B unit that states, "OPERATION USING THE INTERNAL POSITION SOURCE IS PROHIBITED. USE OF THE GNS480 EXTERNAL POSITION SOURCE IS REQUIRED."

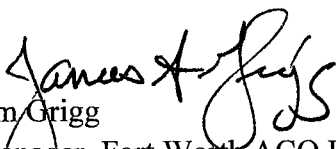

The Fort Worth ACO Branch approves your AMOC proposal to paragraph (e)(1)(iv)(A) and (B) of AD 2017-11-11 by using the Garmin GNS 480 as an external GPS source in place of the NexNav Mini. Furthermore, the application of this AMOC will bring the ADS-B system into compliance with TSO C154c and 14 CFR §91.227 requirements.

In accordance with FAA Order 8110.103B, the following conditions apply:

- Before using this AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local Flight Standards District Office/Certificate Holding District Office.
- All provisions of AD 2017-11-11 that are not specifically referenced above remain fully applicable and must be complied with accordingly.
- This FAA AMOC is transferable with the aircraft to an operator who operates the aircraft under U.S. registry.

For further questions regarding this AMOC, please contact Kyle Cobble by telephone at (817) 222-5172 or by e-mail kyle.cobble@faa.gov.

Sincerely,

Jim Grigg
